## How does this coverage work? Let's do some math.

Following a routine colonoscopy, Oscar found out he had colon cancer. After a year of treatment, his medical bills started adding up. On top of that, time away from work made it hard to keep up with other expenses. Oscar has a Cancer and Heart/Stroke plan with a \$50,000 benefit level.<sup>3</sup>

TREATMENT COST **\$14,019\***

CANCER AND HEART/  
STROKE PAID: **\$50,000**

REMAINING CASH  
BENEFITS: **\$35,981**

Oscar can use the remaining cash benefits in any way he needs, such as mortgage and vehicle payments

With Cancer and Heart/Stroke coverage, you get cash benefits when you need them most, so you can concentrate on recovery without worrying about your bills piling up.
